## Gambling harms

GamCare are a leading UK charity that provides information, support and treatment for anyone affected by gambling related harms. They understand that this is a particularly difficult time for many so GamCare has produced the following resource pack for use during this pandemic.

If you need support with yours or someone else's gambling please contact your local treatment provider: RCA Trust **0141 887 0880** or call the National Gambling Helpline on **0808 8020 133**

This is one of a series of features we shall cover on Gambling harms including work, which is happening, Nationally, in the City and Locally. To begin we want to raise awareness of support offered by GamCare

## Resources for Self-Isolation and Social Distancing

### Changes to daily life due to COVID-19

Daily life has changed significantly since mid-March with the introduction of social distancing and self-isolation measures to prevent the transmission of Coronavirus (COVID-19).

### Why we've put this pack together

We recognise that the changes to daily life affect everyone, and we have put together a pack of free resources, self-care suggestions, and support services to have to hand during this unusual time.

If you're working from home, or just spending more time at home than you're used to, it might be helpful to keep a routine and include a variety of activities in your daily life. We hope this pack will provide a few ideas of things to try!

All words that appear like [this](#) are weblinks.

### About GamCare

GamCare is the leading national provider of free information, advice and support for anyone affected by problem gambling.

You will find more information about all of our services on the back page of this pack.

*Stay home, stay safe  
from all of us at GamCare*

## COVID-19

Coronavirus disease (COVID-19) is an infectious disease caused by a newly discovered coronavirus.

The best way to prevent and slow down transmission is to be well informed about the COVID-19 virus, the disease it causes and how it spreads.

Protect yourself and others from infection by washing your hands or using an alcohol-based rub frequently and not touching your face.

Coronavirus

The Government has issued guidance on keeping people safe through social distancing and self-isolation. For more information, visit [gov.uk/coronavirus](https://www.gov.uk/coronavirus)

If you, or someone in your household, displays a high temperature or a continuous dry cough, visit [nhs.uk/conditions/coronavirus-covid-19/symptoms-and-what-to-do/](https://www.nhs.uk/conditions/coronavirus-covid-19/symptoms-and-what-to-do/)

Stay home, stay safe.

## GOT A SMARTPHONE? TRY THESE APPS

Fancy trying some new guided meditations or mindfulness exercises? [Headspace](#) are offering some free meditations, sleep and movement exercises through their popular website and [app](#). Other apps to look at are [Calm](#), and [Insight Timer](#) which has over 30,000 free meditations, talks and courses.

[Action for Happiness](#) has extended the 5 Ways to Wellbeing (see p.5) into 10 Keys for Happier Living. They also have an [app](#) which gives ideas and actions you can do to make life happier for you and those around you.

Watching more movies during 'lockdown'? Then [RunPee](#) is the app for you! It tells you a good time to nip to the loo (or make a cuppa) during a film without missing much. It also tells you whether there are any extra scenes in the credits, so you don't have to sit through it all.

Having trouble getting through to customer services and fed up sitting on hold? [WeQ4U](#) is a free app that sits on hold for you, then puts you through to any 01,02, 03 and 08 number *without* queueing.

## GAMBLING THERAPY

The [Gambling Therapy app](#) has been designed by residential treatment provider [Gordon Moody Association](#) to help anyone who is struggling with problem gambling.

The app providing easy to access information and straightforward tools, including :

- A self-assessment questionnaire
- Text-based live support
- Mindfulness exercises and self-help resources
- A directory of support organisations
- Crisis support information
- Links to blocking software
- Access to online forums

To download the app, visit Google Play or the App Store, or use your phone camera to scan the QR code.

## EXERCISE AND FITNESS IDEAS

### Want to look like Thor?

**Centr** is a personalised fitness and wellbeing platform from Chris Hemsworth that offers a free 6-week trial. Most workouts are HIIT-focused and require little to no gym equipment, ideal while gyms are closed.

Yoga is great for helping reduce stress.

**Yoga with Adriene** provides free, daily yoga classes for kids and adults on YouTube, plus a large library of past classes to work your way through.

Finding yourself stuck on the couch? Why not use your one daily exercise to build your fitness. **Couch to 5K** is a free, nine-week running programme from the NHS for complete beginners. Build up from a 5-minute walk to a 5k

### Endeavour

offers structure and routine while in social isolation with an online roadmap that combines food, movement and mindset coaching. Now offering an extended 8-week free trial, for “the everyday man who wants more from life”.

**Auro** motivational audio fitness app provides hundreds of workouts, personalised for you based on your fitness level and goals.

Classes are on-demand, or can be downloaded in advance.

Get a free 30-day trial, and 50% discount for all NHS staff.

### Don't want to sign up?

Try their free weekly workouts on **Facebook Live** on Tuesdays at 6pm or check out past workouts on their **YouTube** channel.

### Joe Wicks, The Body Coach

is offering free, live PE lessons on YouTube, from 9.00 to 9.30am Monday to Friday

**Strava** is a free app that turns your phone into a sophisticated running and cycling computer. Start Strava before an activity and you can track your favourite performance stats.

## THINKING ABOUT A NEW CAREER?

If (like me) you're stuck on the question: “*What do I REALLY want to do?*” then the following prompts from **Amazing If** might be useful:

- 1. What would you do if time/money/experience were no object?** This is important. Be honest with yourself. What makes your heart beat faster?
- 2. When were you happiest at work?** What strengths were you getting to use? What was the environment like? Who were you working with?
- 3. What do you want to be known for?** Knowing the impact we want to have and the impression we want to make can be a really useful way of identifying our values and ambitions. e.g. “*I want to be known as someone who creates opportunities for business growth*”.

Your answers to these questions could help you identify your deeper needs at work. Now look at lots of possibilities and how they map against your answers. This could help you find your happy career!

## FIVE WAYS TO WELLBEING

The Five Ways to Wellbeing are a set of evidence-based activities that can help us maintain good mental health and wellbeing. We might have to be a bit more creative to maintain all five different types of activity while social distancing or while in social isolation, but it also gives us lots of opportunity to try new things!

### Connect...

...with the people around you... with family, friends, colleagues and neighbours... at home, work, or in your local community. Think of these as the cornerstones of your life and invest time in them.

### Be active...

...go for a walk or a run... step outside... cycle... play a game... garden... dance. Exercising makes you feel good. Most importantly, discover a physical activity you enjoy and that suits your level of fitness.

### Take notice...

...be curious... catch sight of the beautiful... remark on the unusual... notice the changing seasons... savour the moment, whatever you are doing. Be aware of the world around you and what you are feeling.

### Keep learning...

...try something new... rediscover an old interest... offer to do something new at work... discover a new skill. Set a challenge you will enjoy achieving. Learning new things is fun and will increase your confidence.

### Give...

...do something nice for a friend or a stranger... thank someone... smile... volunteer ... look out as well as in. Seeing your own happiness connected to the wider community can be incredibly rewarding.

### MANAGING CORONA VIRUS (COVID-19) ANXIETY

- For You
- Avoid excessive exposure to media coverage
  - Connect through calls/text/internet
  - Add extra time for daily stress relief
  - Practice self-care
  - Focus on your mental health

DressingManifesting

- For Kids
- Reassure them that they're safe
  - Let them talk about their worries
  - Share your own coping skills
  - Limit their news exposure
  - Create a routine & structure

- For Quarantine/Isolation
- Keep in contact with your loved ones via social media, texts, and phone calls
  - Create a daily self-care routine
  - Keep yourself busy: games, books, movies
  - Focus on new relaxation techniques

*“ These are not normal times so don't have normal expectations of yourself.*

*Don't beat yourself up over how you work from home or home-school.*

*We are in the middle of a global crisis.*

*Allow yourself to just exist rather than achieve.”*

- Matt Haig -

# HOW TO WORK FROM HOME

A MadeSimple<sup>™</sup> Infographic

## GET READY FOR WORK AT YOUR USUAL TIME

Your commute will obviously be shorter but it's good to get up, get ready and have breakfast at your regular time. This gives structure to your working week.

**FACT:** The number of UK home workers has grown by 1.3 million since 1999 (that's a 2.6% increase).

Listening to music is fine but turn off your TV and radio (you may also want to turn off phone notifications). This will prevent annoying distractions and help you stay 'in the zone'.

**FACT:** A study published by science journal *Shiver* showed noise is an "obvious stressor" in relation to job satisfaction.

## RECOGNISE OTHERS

Working from home can put a barrier between you and colleagues/employees so make an effort to connect by praising great work.

**FACT:** Being specific with feedback beyond "well done" is beneficial as it shows you've appreciated a piece of work in detail.

When you're free from distractions you can focus, but take breaks throughout the day to avoid burnout and remain consistent.

**FACT:** No breaks can lead to headaches and burnout known as 'computer vision syndrome'. Supta suggest resting your eyes for 15 minutes every 2 hours.

## TAKE A BREAK

## KEEP QUIET

## CONSIDER PRODUCTIVITY APPS

Apps such as RescueTime make it simpler to track what you do when working and block distracting websites for set periods of time.

**FACT:** Gaming constitutes 32% of app usage; ditch these apps for better productivity.

Some people find that they are more productive at home because they work longer hours. Try to be flexible with your time.

**FACT:** An ACAS study found 64% of people increased their working hours when homeworking.

## AVOID TOO MUCH CAFFEINE

Try not to drink too much caffeine. This can reduce concentration and make it harder to be productive.

**FACT:** Too much coffee can lead to dehydration, decreased concentration and increased stress.

## DO A LITTLE EXTRA WHEN YOU CAN

Plan tasks you're going to do for the day in advance or give yourself a set goal each day.

**FACT:** Morning is great for structuring your day. Workplace expert Lynn Taylor says "your evening establishes the tone and your attitude for the day".

## STRUCTURE PROPERLY

## SHUT THE DOOR

Designate a specific part of your house to work during working hours and let everyone know you're not to be disrupted.

**FACT:** The average attention span is dropping. From 12 seconds in 2000 to 8 seconds in 2013. So avoiding distraction is even more important.

## GAMCARE FREE TREATMENT SERVICES

GamCare provides a range of treatment options for anyone affected by problem gambling who is over the age of 16 in England, Scotland or Wales. This includes anyone concerned about their own gambling, as well as family members and friends who are affected by a loved one's gambling behaviour (even if the gambler does not wish to seek support yet). **All our treatment is free, flexible and confidential.**

**During the Coronavirus (COVID-19) pandemic, GamCare can offer:**

- One-to-one online and telephone therapeutic support and treatment
- Group-based Gambling Recovery Courses delivered online for 6-8 weeks
- Guided online treatment modules which can be accessed at your convenience, over a period of 8 weeks, with additional telephone support from a GamCare practitioner

### NATIONAL GAMBLING HELPLINE FREEPHONE 0808 8020 133

#### The National Gambling Helpline

provides confidential information, advice and support for anyone affected by gambling problems in England, Scotland and Wales.

You can speak with our advisers over the phone or via Live Chat every day of the year, 24 hours a day.

They will listen to what's going on for you, and can talk you through all of the options available to you for support online or over the telephone.

### FORUM AND CHAT ROOMS

#### The GamCare Forum

is a 24/7 online message board, providing a safe and secure space for you (gamblers or their partners, friends and family) to share experiences, thoughts and feelings about problem gambling.

We also run a Chatroom every day at 1pm and 8pm for an hour (Sundays at 8pm for 1.5hrs).

We also run a dedicated chatroom for family and friends who are affected by a loved one's gambling on Wednesdays from 7-8pm.

## NOT SURE YET IF YOU NEED OUR SUPPORT?

Why not try our Self-Assessment to pick up any early signs of risky gambling behaviour. It's free, anonymous, and it only takes a few minutes. You'll get detailed feedback based on your answers and suggestions for other support that is available.

We also have a whole range of free Self-Help Resources for anyone who has recognised that gambling may be an issue for them.

## Death, grief, and loss

COVID 19 is bringing many challenges and pain to many people including the death of a loved one. Sadly, people are also dying for other reasons and social distancing restrictions can make that loss even more painful. These are some contacts maybe able to help.

It is worth also speaking to your faith community if this is appropriate for you. As with everything just now, things can be affected by COVID19, however, services are doing their best to be there for people even if for now, that is by phone:

### GDA Connects

If you, or someone you know, is shielding from Covid-19 with no internet access and would like to hear more about GDAConnects – please get in touch with [hannah@gdaonline.co.uk](mailto:hannah@gdaonline.co.uk)  
For more information about GDA's wider COVID Response contact [info@gdaonline.co.uk](mailto:info@gdaonline.co.uk)

### NWVSN Network IT Recycling Project

NWVSN Network has formed a partnership with Glasgow Clyde College and their Gifttech project, that recycles college PCs. They will now be able to offer PCs to members to give to people they work with that they know are in need. They will also be offering prepaid WIFI, which should last a few months with light/moderate use. To express an interest or get a referral form email [martina.northwestglasgowvsn@outlook.com](mailto:martina.northwestglasgowvsn@outlook.com). Please note they do not have a huge supply but will offer what they can, the project is here to fill the gaps if other options aren't available.

### Connecting Scotland: Glasgow Kit and Connectivity Programme

The Connecting Scotland programme aims to connect digitally excluded people, allowing them to access services and support and to connect with friends and family during the pandemic.

People on low incomes who are at greater risk of isolation due to coronavirus will be provided with:

- Access to kit –an appropriate internet enabled device (Chromebook or iPad)
- Access to connectivity –a mobile hotspot and 12 months of data
- Support to develop skills and confidence online

This first phase of Connecting Scotland will be offered as a grant programme. Building on learning from existing activity to tackle digital exclusion, the programme will work through organisations (particularly local authorities and local third sector organisations) who are already providing support to the target groups. In Glasgow, the Programme will be administered by Glasgow Life in partnership with SCVO. The city has been allocated 780 devices in the first phase of the Programme (330 Chromebooks and 450 iPads) each device will come with a Mifi hotspot/dongle and SIM with 12 months of data with a 20Gb per month allowance.

If you would like to know more about the programme in Glasgow please contact [digitalskills@glasgowlife.org.uk](mailto:digitalskills@glasgowlife.org.uk)

### Discrimination Claims Risk

The Equality & Human Rights Commission is reminding organisations of their legal responsibilities as employers may face discrimination claims if they unfairly treat disabled or pregnant staff because of the coronavirus situation. The EHRC has issued new guidance to help make the right and lawful decisions around dismissing and furloughing staff. The guides give organisations information about their duty to make reasonable adjustments for staff with underlying health conditions and how to support pregnant women and those on maternity leave. ## Cooking with kids, Spaghetti and Meatballs with Hidden Veg Sauce

### Ingredients

#### For the meatballs

- 300g pork sausages (Halal; replace with finely minced chicken and seasoning)
- 500g lean beef mince
- 1 onion grated
- 1 carrot grated
- 1 tbsp. oregano
- 50g of parmesan and some for serving
- 1 egg
- 1tbsp of oil

#### For the sauce

- 1 tbsp. oil
- 1 courgette grated
- 3 gloves of garlic grated or crushed
- 1 tbsp. of tomato pure
- Pinch of caster sugar
- Splash of white or red/white wine vinegar or even Worcestershire sauce.
- 2x400g tins of chopped tomatoes

#### To serve

- Cooked Spaghetti pasta (or what you have available)

**How to make on the other side**

- 1. Children:** Squeeze all the sausage meat out of the sausage skins into a large bowl and add the mince. Tip all the rest of the meatball ingredients, except the olive oil, into the bowl and season with black pepper then squish everything together through your hands until completely mixed. Keep an eye on younger children to make sure they don't taste any of the raw mix.
- 2. Children:** Roll the meatball mix into walnut-sized balls and place them on a plate – this is a job children as young as 2 can help with and a great job to help teach older children basic division
- 3. Grown-ups:** While the children are rolling the meatballs make the sauce. Heat the oil in a large saucepan. Add the courgette first, cook for a few minutes then add garlic and cook on a low heat for 5 mins until soft and mushy.
- 4. Grown-ups:** Stir in the tomato puree, sugar and vinegar/Worcestershire sauce - leave for 1 min then tip in the tomatoes and simmer for 5 mins. If your children like courgettes then you can leave the sauce chunky. But if they hate courgettes then blitz the sauce with a hand blender – either way continue to simmer sauce gently while you cook the meatballs. If your child is confident with heat, from 7+ they can cook the sauce with supervision.
- 5. Grown-ups:** Heat the oil in a large frying pan and, working in batches, brown the meatballs on all sides then pop them into the sauce – continue to simmer the sauce for 15 mins, stirring very gently until the meatballs are cooked through. Serve with cooked spaghetti, extra grated Parmesan and a few torn basil leaves your child has picked and torn - avoid cutting with a knife as this turns them black.
- 6. Enjoy –** add some garlic bread to the table if you wish and make plenty of napkins or kitchen roll available!

## Cake Pops

### Ingredients

#### For the cakemix

- 100g butter
- 100g caster sugar
- ½ tsp vanilla extract
- 2 eggs
- 100g self raising flour

#### For the buttercream icing

- 75g butter
- 150g icing sugar
- 1 tsp milk
- 200g white chocolate melted to dip
- Sprinkles to dip

**How to make on the other side**

### How to make:

- 1.** First make the cake. Heat oven to 190C/170C fan/gas 5. Grease and line the base of a 20cm sandwich tin. Place the butter, sugar and vanilla extract into a bowl and beat well to a creamy consistency. Slowly beat in the eggs, one by one, then fold in the flour and mix well. Tip into the cake tin and bake for about 20 minutes until risen and golden brown. Set aside to cool completely.
- 2.** While the cakes are cooling, make the buttercream. In a large bowl or the bowl of a stand mixer, beat the butter and icing sugar together until smooth, add the vanilla extract and milk and beat again. Once the cake is cooled, crumble into large crumbs. Add the butter cream and stir together. Take chunks of the cake mixture and roll into balls, transferring each ball to a lined tray or plate, push a lollypop stick into each, then put into the fridge for an hour to set.
- 3.** Melt the white chocolate in the microwave, blasting it and stirring at 10 seconds intervals until smooth. Tip the sprinkles into another bowl. Take each of the chilled cake pops and dip into the white chocolate, allowing it to drip off a little over the bowl. Dip into the sprinkles, then stand upright in a mug to dry at room temperature for an hour, or in the fridge for 30 mins.

## Pets

This can be a challenging time also for pets, the following websites may offer some advice. Please also at this time be extra considerate of someone who is using a guide or assistance dog. A guide dog has not been trained to know to keep people 2metres away from the person they are protecting and the person with sight loss may not be able to see you, so please, be considerate. If we treat others, the way we want treated more of us will come through this.

## Self-harm

**Self injury Support** is still here for you

They just wanted to let people know that during this exceedingly difficult time they are still here and aim to offer support in as many ways as they can. Dealing with the current global situation on top of existing struggles with mental health is leaving people feeling more isolated than ever. Along with people who self-harm they have developed a range of self-help and information pages on their website:

**Experience-led self-help resource:**

**A range of other self-help and information:**  
[www.selfinjurysupport.org.uk/Pages/Category/self-help-resources](http://www.selfinjurysupport.org.uk/Pages/Category/self-help-resources)

They welcome all feedback on these pages and suggestions of things to add from your own experiences.

Self injury Support also wanted to let people know that during this very difficult time their text-based support services are still open and they are there to listen and support. Their TESS service offers emotional listening support for women and girls affected by self injury and a space where you can explore what is going on for you alongside a trained female volunteer with knowledge of self injury.

**All of their services are open from 7pm -9.30, Tuesday-Thursday.**

**You can:**

# REACH OUT

Issue 5

Produced by Glasgow Life North West Communities in partnership and collaboration with Glasgow Life Service Wide and with Community Partners.

Each week we plan to bring you a Spotlight article on one or more of Glasgow Life's or a Partners Service offer for your interest and access.

This week, we are spotlighting our Library's city wide **ANNUAL SUMMER READING CHALLENGE**

## THIS SUMMER 2020, WHY NOT JOIN THE SILLY SQUAD WITH GLASGOW LIBRARIES

Wow how did it get to be summer already!

2020 Summer Reading Challenge has started with a bang and we are all feeling super silly at Glasgow Libraries!

**Summer Reading Challenge's Silly Squad** will spend all summer with you and your children to celebrate funny books, happiness and laughter with some seriously silly reads. Children taking part will be able to join the **Silly Squad**, an adventurous team of animals who love to have a good laugh and get stuck into all sorts of funny books!

The Summer Reading Challenge website is **free** to enter and has book suggestions, games, quizzes and downloadable interactive activities for children to take part in reading related activities. Aimed at readers **aged 4 – 11 years**, it is also a chance for families to have loads of fun together!

**Join in for FREE**- just head over to the web and sign up at <https://summerreadingchallenge.org.uk> If you can't get on line to do the challenge you can contact us on 0141 287 2999 from Monday – Friday, between 11am -1pm to arrange for you to get a pack with books, stickers, posters and a pencil.

Glasgow's Libraries currently remain closed, however we are continuing to have books for all our readers in electronic format.

<https://libcat.csglasgow.org/web/arena/src2020> for Summer Reading Challenge eBooks catalogue  
<https://www.glasgowlife.org.uk/libraries/online-library> for our full range of eBooks, audio and magazines

Each year, in partnership with the National Reading Agency, the **Summer Reading Challenge** motivates over 700,000 children throughout Britain to keep on reading throughout the summer and to maintain their reading levels before going back to school in August.

Check out our Glasgow Life family of services, keep up to date and explore any e-offers to you;

**SUPPORTING THE MOST VULNERABLE TO GET ONLINE**

Whilst we're at home throughout the coronavirus crisis, more than ever before the internet is keeping us connected to friends and family, keeping us informed and entertained, able to learn, work, shop and access health information and other vital public services and support networks

However, some people can't access these benefits for a variety of reasons such as not the confidence, the 'know how', the kit and the connectivity at home.

The **Connecting Scotland Initiative**, [www.connecting.scot/](http://www.connecting.scot/) aims to connect up to **9,000 more people** on particularly on low incomes who are also considered clinically at high risk so they can access services and support and connect with friends and family during the pandemic.

Are you an **organisation** working with vulnerable individuals and families? Go to: [www.connecting.scot/for-organisations](http://www.connecting.scot/for-organisations)

Are you an **individual** looking to help and support from someone to get online? Go to: [www.connecting.scot/for-individuals](http://www.connecting.scot/for-individuals)

**Connecting Scotland** is a partnership initiative between the Scottish Government [www.gov.scot/](http://www.gov.scot/) Local Authorities and The Scottish Council for Voluntary Organisations (SCVO) [scvo.org.uk](http://scvo.org.uk)

We are grateful to ScotlandIS [www.scotlandis.com](http://www.scotlandis.com) for building momentum and leading the call to action for the technology industry, and to the wide range of organisations that are providing support to help deliver the initiative.

Do you know of or, are you a voluntary group or organisation that are offering community support at this time across the North West Glasgow area? If you are and would like an article added to this page, please get in touch and give us an outline of what you might wish to add at;

[CommunitiesNorthWest@glasgowlife.org.uk](mailto:CommunitiesNorthWest@glasgowlife.org.uk)

We will get in touch with you after that to plan your insert to a forthcoming **REACH OUT** issue.

## wee tips to dealing with 'what if's' and uncertainty

### Trying to control things

Life is full of uncertainty. Trying to control everything to have the outcomes that we want is an illusion and also can make us less resilient to the natural changes and adaptation that life will throw at us e.g. COVID19 and lockdown, now who could have predicted or controlled that to everyone's satisfaction?

### Worrying

Most of us don't like uncertainty it can make us feel anxious and afraid. we don't know what may come next and we worry whatever it is, we won't be able to handle it. If we lock into that worry and all the things which may go wrong, which we don't think we can cope with, we can feel overwhelmed, maybe even feel hopeless, depressed, demotivated. Thinking where is the point?

### Suicidal thoughts

Sometimes people find they have thoughts of suicide when it all becomes too much and the feelings of 'what if' become too exhausting. If you are having thoughts of suicide, please speak to someone about how you feel and what you are finding overwhelming. It can help to talk to someone.

### Negative thoughts

Uncertainty breeds uncertainty! When we begin to imagine all the various 'what if' scenarios (which are usually negative, we can end up imaging even more 'what if' scenarios)! We have great imaginations, but rarely do we lie awake in the wee hours of the morning, unable to sleep thinking about all the super wonderful things which are going to happen to us! This focus on what can go wrong can make us feel negative, which in turn, can programme us into looking for more things to be negative about and feeling like that.....we find them. This does not leave us feeling jolly!

### Stuck inside your own head

Spending too much time inside our own head about how we feel can in itself increase our feelings of anxiety and depression. We find our minds stuck in this thinking loop where we keep going round and round thinking, or, talking about whatever it is we have focused on as a source of 'what if'.

### Negative influences

The impact of other people can also affect the 'what if's'. What we say and do has an effect on others as does what they think and do, have an effect on us. Being around others who repeatedly focus on negative outcomes; even when you are trying to be positive, can be exhausting. Also, watching news reports, following social media, other communication mediums which have a focus on 'Its Bad, it's going to get worse'. 'Oh, and did you know about this new thing to worry about...?' Again, doesn't fill us with hope for the future. That doesn't mean we don't need to be informed, it's all about balance.

### Uncertainty

Uncertainty basically means we aren't sure what is going to happen next. We look to see what is happening now and then try and predict from that, what may happen next. Depending on our thinking styles, any predisposition we maybe have to anxiety or low mood may affect how we adjust and prepare to deal with this state of 'not knowing', 'not feeling in control' and the level of stress this uncertainty is likely to cause us.

## Coping with change

Part of dealing with the 'what ifs' is being resilient to change. Even when it's a change we may not have chosen, the speed at which you decide to respond to the change in a way that is most helpful for us and those close to us, will impact on how we deal with that change. It maybe you need help to come to terms with the change, and that's okay, we all at times need someone to talk to.

### Self-compassion

We are all different. Don't beat yourself up if you find others maybe respond better to change and uncertainty than you do, be kind, we all have things which can stress us out. Being kind and showing compassion for yourself is more likely to help you find a way through than being self-critical. That just drains energy.

### Learning new skills

Depending on what happens next, we may need to learn something new. That maybe a new way of doing something, it may mean a new way of using your income to meet your outgoings, it may mean learning new skills to seek employment in areas which you have never thought about before.

### Be flexible

If we think of the analogy of the tree which bends in the wind, it helps us realise if we are flexible to the 'what happens next' and learn to go with the flow, don't allow the 'what ifs' to overwhelm recognise maybe that things need to change and while that maybe hard to accept, in time acceptance will lead to more peace of mind than holding onto a memory of a reality which has gone.

### Good habits

Practice tools which support your wellbeing. Get into the habit of going a walk, reading a book, doing some form of relaxation or Mindfulness practice. Be aware of what you eat and drink and how you cope with negative feelings. Avoid misuse of drugs, alcohol, or gambling harms. Any release of stress is short lived and in time will lead to more challenges.

### Inner voice

Taking control where you can is important. Sometimes we get so caught up in the 'what ifs' which we feel are in other hands, we forget what is within our own control. Become aware of our inner voice and the story we tell ourselves and be wary we don't tell ourselves we can't, when in fact we are really saying we choose not to.

### It's okay to ask for support, here are some ideas:

- If you are thinking of suicide due to worrying about the 'what ifs' phone the Samaritans **T: 116 123**
- Or **text SHOUT to 85258** to text with a trained Crisis Volunteer
- Speak to your GP about mental health services you can link to

- Campaign to look after your mental health [www.clearyourhead.scot](http://www.clearyourhead.scot)

You matter, how you feel matters. It's ok not to be ok and to ask for support
