Upon receipt of a request by a data subject, the Co-operative must respond to the Subject Access Request within one month of the date of receipt of the request. The Co-operative:

- must provide the data subject with an electronic or hard copy of the personal data requested, unless any exemption to the provision of that data applies in law

10.1 These are a means of assisting the Co-operative in identifying and reducing the risks that our operations have on personal privacy of data subjects.

10.2 The Co-operative will:

- a) Carry out a PIA before undertaking a project or processing activity which poses a "high risk" to an individual's privacy. High risk can include, but is not limited to, activities using information relating to health or race, or the implementation of a new ICT system for storing and accessing personal data; and
- b) In carrying out a PIA, include a description of the processing activity, its purpose, an assessment of the need for the processing, a summary of the risks identified and the measures that it will take to reduce those risks, and details of any security measures that require to be taken to protect the personal data

10.3 The Co-operative will require to consult the ICO in the event that a PIA identifies a high level of risk which cannot be reduced. The Data Protection Officer will be responsible for such reporting, and where a high level of risk is identified by those carrying out the PIA they require to notify the DPO within five working days.
